Aquaculture Stewardship Council – Seabass, Seabream and Meagre Standard Version 1.1 March 2019

This certificate is valid for the following scope:

Production of Sea Bass (*Dicentrarchus labrax*) & Sea Bream (*Sparus aurata*).

Products are authorised to enter an ASC Chain of Custody certification at the point where individually marked, sealed bins with harvested fish are lifted from freight boat/barge onto the dock, for further transport to processing plant.

For the full list of products covered, please refer to the ASC database: www.asc-aqua.org

Place and date:
Høvik, 30 August 2019

For the issuing office:
DNV GL – Business Assurance
Veritasveien 1, 1322 Høvik, Norway

D.P. Koek
Management Representative

The validity of this certificate shall be verified on <http://asc.force.com/Certificates/>. This certificate itself does not constitute evidence that a particular product supplied by the certificate holder is ASC-certified. Products offered, shipped or sold by the certificate holder can only be considered covered by the scope of this certificate when the required ASC claim is clearly stated on invoices and shipping documents. This Certificate remains the property of DNV GL. This certificate and all copies or reproductions of the certificate shall be returned or destroyed on request of DNV GL. Any changes in the product or process shall immediately be reported to DNV GL in order to verify whether this Certificate remains.

Accredited by ASI for certification against voluntary sustainability standards – ASI-ACC-025.
